

Article Overview

Lumitech Ltee, Fractal.mu, Rey & Lenferna, and AVR Consulting are key providers of low-voltage network cabinets and related electrical solutions in Mauritius.

Key Manufacturers and Suppliers

Lumitech Ltee Lumitech Ltee is a leading electrical contractor in Mauritius, specializing in the design, manufacturing, and installation of electrical and control cabinets, including low-voltage network cabinets. They provide turnkey solutions for industrial and power plant projects, covering engineering, fabrication, installation, and commissioning. Their services extend to renewable energy systems, street lighting, and full electrical management practices, making them a comprehensive provider for low-voltage infrastructure needs in Mauritius . **Fractal.mu** Fractal offers a wide range of electrical, data, and control panel solutions. They provide industrial-grade low-voltage cabinets, power distribution, and automation systems. Fractal also handles structured cabling, fiber optic installations, and security systems, delivering end-to-end technical contracting across Mauritius. Their expertise includes design, deployment, and on-site support for both industrial and commercial projects . **Rey & Lenferna Ltd** Rey & Lenferna is a well-established engineering company in Mauritius with extensive experience in mechanical and electrical solutions. They supply and distribute low-voltage electrical equipment and cabinets, leveraging partnerships with international manufacturers. Their services include customized solutions for industrial, commercial, and ICT sectors, ensuring high-quality and reliable low-voltage installations . **AVR Consulting** AVR Consulting specializes in structured cabling and low-voltage network installations, including optical fiber and Category 5/6/7 systems. They provide installation of low-voltage cabinets, base stations, and IoT infrastructure. Their team supports both small and large projects, offering professional on-site installation, commissioning, and maintenance services .

Summary

For low-voltage network cabinets in Mauritius, Lumitech Ltee is notable for manufacturing and turnkey electrical solutions, Fractal.mu for industrial and commercial control panels, Rey & Lenferna for customized engineering solutions, and AVR Consulting for structured cabling and IoT-related low-voltage installations. These companies collectively cover design, fabrication, installation, and maintenance, providing reliable options for both public and private sector projects.
