

Prices of electrical distribution boxes from Slovenia manufacturers

Article Overview

Slovenia offers a range of domestic and international manufacturers for electrical distribution boxes, with pricing typically available upon direct inquiry or through online distributors.

Key Manufacturers and Suppliers

- o C&G Group: Specializes in wholesale and marketing of electrical equipment, including distribution boxes from brands like ABB, Schneider, Siemens, and Koncar MT. They provide both domestic and imported solutions and can offer customized quotes for bulk or project-based orders (C&G Group) .
- o Max. Elektro Gorenjska, d.d.: Focuses on electrical distribution and power grid solutions, including temporary and permanent installations. Pricing is project-specific and depends on the type and size of distribution boards (ensun) .
- o Elektro Ljubljana, d.d.: Offers electricity distribution systems, metering, and monitoring services. They provide low-voltage distribution boards and infrastructure management solutions, with costs varying based on service and equipment specifications (ensun) .
- o PRINSIS d.o.o.: Manufactures TTA (type-tested assembly) and PTTA (partially type-tested assembly) low-voltage distribution boards, including modules for 19" frames. Prices are typically provided upon request depending on the configuration and quantity (PRINSIS) .
- o Online Electrical Shops: Platforms like Elteh sell electrical materials from Slovenian manufacturers such as ETI, TEM, Intra, Iskra Zascite, and SM Strojoplast, as well as international brands like Schneider Electric, Siemens, and ABB. Prices can be viewed online for standard products, with free shipping for orders over EUR100 (Elteh) .

Pricing Considerations

- o Type of Distribution Box: Standard low-voltage boxes are generally less expensive than specialty or modular boards. TTA boards are fully type-tested, while PTTA boards may offer cost savings with partially tested components.
- o Quantity and Customization: Bulk orders or custom configurations for industrial or commercial projects often require direct quotes from manufacturers or distributors.
- o Brand and Certification: International brands like Schneider, ABB, and Siemens may carry higher prices due to certification, quality, and warranty, while local Slovenian brands may offer competitive pricing for standard applications.

How to Obtain Prices

- o Direct Inquiry: Contact manufacturers like C&G, PRINSIS, or Elektro Ljubljana to request a quote based on your project specifications.

Prices of electrical distribution boxes from Slovenia manufacturers

o Online Shops: Check platforms like Elteh for standard distribution boxes and accessories, where prices are listed and online ordering is available.

o B2B Marketplaces: Use Europages or ensun to identify suppliers and submit inquiries for bulk or specialized orders (Europages) . By combining these sources, you can compare options, request quotes, and select the most suitable electrical distribution boxes for your needs in Slovenia.
