

Supplier of power distribution boxes for data centers in West Asia

Article Overview

Key suppliers in West Asia include Ultra Stream Technologies in Dubai and Sipolar, both offering industrial and intelligent power distribution solutions for data centers.

Ultra Stream Technologies - Dubai, UAE

Ultra Stream Technologies is a leading PDU supplier in Dubai, providing solutions for data centers and critical IT infrastructure across the UAE . Their offerings include:

- o Basic and intelligent PDUs with remote monitoring capabilities
- o Rack-mounted enclosures and outlet monitoring
- o Environmental sensors and network connectivity for intelligent power management
- o Tailored recommendations based on rack setup, power requirements, and scalability needs They serve both new installations and expansions in Dubai, ensuring reliable, energy-efficient, and scalable power distribution for data centers.

Sipolar - Global Supplier with West Asia Coverage

Sipolar specializes in industrial power distribution boxes and intelligent PDU cabinet power strips, supplying markets including West Asia, North Africa, Mexico, and Australia . Key features include:

- o 1U Rackmount enclosures and multi-port USB hubs
- o Compliance with professional certification standards
- o High production capacity and quality assurance through strict testing and standardized processes
- o Customization options for specific project requirements Sipolar emphasizes long-term business relationships and provides worldwide shipping, making them a reliable choice for West Asian data center projects.

Other Notable Global PDU Providers

Several international companies also supply PDUs suitable for West Asia, often through regional distributors:

- o ABB: Offers a full portfolio including transformers, switchgear, remote power panels, and busway solutions for data centers .
- o Delta Electronics: Provides scalable, energy-efficient PDUs with strong monitoring and protection features .
- o Raritan and Eaton: Known for intelligent rack PDUs and flexible power management solutions suitable for large-scale deployments .
- o Rittal: Offers compact PDUs with extensive measurement and monitoring functions for IT racks .

Supplier of power distribution boxes for data centers in West Asia

Recommendation

For West Asia-based data centers, Ultra Stream Technologies is ideal for local support and tailored solutions in the UAE, while Sipolar provides industrial-grade, globally shipped power distribution boxes with experience in West Asia. For larger or multi-country projects, partnering with ABB, Delta, or Eaton through regional distributors can ensure access to advanced, scalable PDU solutions. These suppliers collectively cover a range of needs from basic rack PDUs to intelligent, monitored, and modular power distribution systems, ensuring reliable and efficient operation of data center infrastructure.
