

Article Overview

Wholesale 42U server rack cabinets are available from approximately \$200 to \$600 per unit, depending on features and supplier, while general countertops are sold at wholesale rates by suppliers like ProSource.

42U Server Rack Cabinets

A 42U server rack cabinet provides about 73.5 inches (186.7 cm) of vertical space, suitable for medium to large data centers. Wholesale prices vary based on material, enclosure type, and additional features such as airflow management, security, and cable organization. Verified suppliers from China, India, and Korea offer factory prices ranging roughly from \$200 to \$600 per unit, with bulk discounts available for larger orders . Key considerations when purchasing include:

- o Enclosure type: Open-frame vs. fully enclosed cabinets
- o Cooling and airflow: Ventilated panels or climate-controlled options
- o Security: Lockable doors and side panels
- o Compatibility: Support for PDUs, vertical cable managers, and future scalability

Suppliers like Made-in-China.com and Global Sources provide a wide selection of wholesale 42U cabinets with verified manufacturers, making it easier to source in bulk .

Wholesale Countertops

If the query refers to kitchen or office countertops, suppliers like ProSource Wholesale offer a large selection at discounted, wholesale prices. Pricing depends on material (laminate, quartz, granite, or solid surface), size, and finish. Bulk orders typically receive additional discounts, and shipping or pickup options vary by supplier .

Recommendation

Clarify whether the intended purchase is a 42U server rack cabinet or a countertop. For IT infrastructure, focus on 42U cabinets from verified wholesale suppliers. For kitchen or office installations, explore countertop wholesalers like ProSource for bulk pricing and material options.
